**NOTEBOOK BRIEFCASE**

Designed for the notebook-type laptop computer. Built just like the Multi Format Cases with a unique lightweight molded inner shell which is covered with shock absorbing foams and fabrics. Case is strong enough to stand on, yet light enough to carry comfortably. Main compartment fits most Macintosh Power Books with an extra battery, battery charger and

Outside pockets for airline tickets and magazines. A moveable padded partition separates computer from accessories. Has numerous pockets and pouches. Business card pocket, two closeable pockets for compact flash or a CD or two. An optional shoulder strap can be added at any time.
