PADDED GRIP BAG

Wow. This little guy is my Contax G2 kit. Body, Flash, 90, 45 and 28. Extra batteries, cable release, cleaner and five rolls of film. I also have had my F100 and the 17-35 take a trip or two in this cozy little case. A Leica outfit would be terrific as well as a lot of the great new 5 megapixel cameras. It is big enough for a days shooting and not make you look like your a

It has our standard belt/hook&loop on the back along with a pocket to slide our Trim Belt or Padded Grip Belt through for extra support. A great one to keep ready when you have to run out the door.
